## PROVEN EXCELLENCE

Over 80% of Arium's work is for repeat clients.

Our repeat client base extends to some of the largest defense contractors in the country.

We've completed over 30 tasks of various sizes with Lockheed Martin over the past 3 years and are quickly becoming one of their most trusted vendors.

We've completed over 450 permitted projects in the Baltimore Washington Region within the past 3 years.

We bill approximately 250 clients a year with no single client ever making up more than 7% of overall volume. We are at the ready and capable of handling a wide range of project types, sizes, and timelines.

## LEED CERTIFIED

10 LEED Certified Professionals

We practice the principles of sustainable design and apply them to all projects, wherever and whenever feasible.

## OUR CAPABILITIES

Arium AE offers a full service, integrated design approach that balances functional solutions and high aesthetics through outstanding service tailored to each of our client's unique needs. We have developed long-term relationships with some of the most demanding public and private sector clients in the region by consistently delivering accurate, buildable designs that support unique project objectives. Clients value our efficient and effective process, which keeps projects on schedule and within budget.

## OUR PROFILE

Founded in 1988, Arium AE is an integrated practice that brings together architects, engineers, interior designers, planners, and green professionals in a collaborative, client-centered studio environment. Our 27-person team has served the Mid-Atlantic region from our Baltimore-Washington office for over a quarter century. Arium AE is commonly recognized among the top architectural, engineering, and interior design firms in the region as having a track record of delivering buildable design solutions through a client-centered practice.

## KEY CLIENTS

While we work with some of the largest and most discerning clients in the region, Arium excels in providing elegant design for modest projects. Lockheed Martin, ATK, Maryland State Highway Administration, FDA, Booz Allen Hamilton, Northrop Grumman, US Department of Homeland Security, SABiosciences, ITT, US Army Corps of Engineers, Johns Hopkins Applied Physics Laboratory, Maryland Transportation Authority, Aerotek

Providing **INTEGRATED** solutions for timeless design and seamless delivery for the past 25 years.
